Poles!

QUICK SUPPORT POLES ARE A FLEXIBLE SOLUTION FOR:

- Creating a dust barrier
- Holding up drywall and plywood
- Bracing crown molding
- Holding up cabinets

- ① Easy release tab automatically positions the top pad against the upper surface with one push of the thumb.
- ② Upper pad is spring loaded for quick set up in any configuration.
- ③ The Ratchet Action Lever Tightens the top Pad against the upper surface for maximum stability.

THE QUICK SUPPORT POLE COMES IN TWO SIZES:

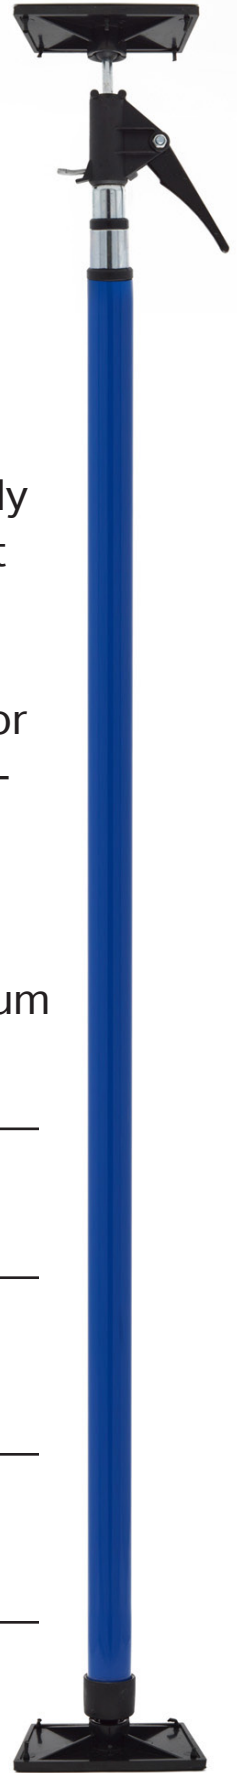

12" Pole

Adjustable from 4-1/2 ft to 12 ft
Item# QS40

10" Pole

Adjustable from 3-3/4 ft to 10 ft
Item# QS50

ZIP-UP™

THE QUICK SUPPORT POLE

**CREATE A DUST BARRIER
IN MINUTES WITHOUT NAILS,
STAPLES, OR TAPES.**

Both top and bottom pads are mounted on universal swivel joints to assure a firm grip at a variety of angles.

Tighten or loosen the pole sections by hand to set desired pole length and lock into place.

The Quick Support Pole is sturdy enough for multiple uses and can support 100 lbs. in the vertical position.
