

DUCT MASKING FILM

Zip-Up brand Duct Masking Film temporarily closing off open duct work. It can be used to seal and protect uninstalled and partially installed duct work from contaminants.

Duct Wrapper film is highly tear and puncture resistant which ensures the integrity of the seal around the openings of sheet metal duct work and components.

Specially formulated adhesive sticks well to sheet metal surfaces but removes without residue.

Light blue tint for easy visibility. UV resistant for outdoor transport.

Available in 3 Sizes
