## **PEEL & STICK GROMMET**

## **PEEL & STICK ADHESIVE GROMMET**

Reinforce tarp perimeter, grommets for additional tie down points. Applied to both sides of the material for superior adhesion. locate tent poles or add a grommet where needed. Peel and stick adhesive grommet are made from woven poly tarp backing material and is treated with UV resistant glue that will not weaken when exposed to the elements, even after a long- term outdoor exposure.

A quick and effective way to add tie down points to plastic and cloth tarps, wherever they are needed! The reusable Tarp Gripper makes a tie down point that is 10 times stronger than a traditional grommet. Replaces missing grommets or adds them where needed. No punctures necessary, keeps tarps looking like new.
